

FEATURES

STANDARD MODELS

PREMIER A1 140KG LIFT CAPACITY

The smallest chair in the range. This is a premium chair that provides simultaneous leg and backrest and leg elevation above hip height. The snug rest positioning is secure and comfortable. Ideal for small spaces and ease of use by the frail. Designed and built to last.

- ✓ Simultaneous footrest & backrest
- ✓ Leg rest 200 mm higher than the body
- ✓ Heavy duty SINGLE motor design
- ✓ Standard size
- ✓ 2 cushions

SPECIFICATIONS

Seat height : 50cm
 Seat depth : 48cm
 Seat width : 50cm
 Arm height : 17cm
 Back height : 77cm

PREMIER A2 160KG LIFT CAPACITY

A premium chair made of durable materials to hold a heavier load for longer periods and deliver long lasting comfort and independence to recline and stand unassisted. Two independent motors allow the legs and back to move separately and offer more positions, including legs above hip height. Available in 50 or 60cm width.

- ✓ Independent footrest & backrest
- ✓ Leg rest 85 mm higher than the body
- ✓ Heavy duty DUAL motor design
- ✓ Standard size
- ✓ 2 cushions

SPECIFICATIONS

Ambassador Products was established in 1990 in Sydney, Australia. With over 25 years of experience, we are a market leader in the manufacture and supply of durable electric lift & recline chairs.

LUXURIOUS UPHOLSTERY

The Ambassador Lift Chair is upholstered in high quality, soft to touch and interchangeable fabric covers. They are completely removable and replaceable for a change in look or remove them for easy cleaning. Every chair features two side pockets for convenience.

- > Easily replaced or cleaned – Velcro and zip closures
- > Materials have been hand picked to meet strict comfort requirements
- > Personalise your seating requirements to suit your décor
- > Reliable and durable for longevity
- > A choice of 4 popular colours. Optional extra selection is available

Please contact us for more information on fabric choices and options.

AMBASSADOR FABRICS RANGE – CHOICE OF 4 STANDARD COLOURS

CUSTOM OPTIONS*

Ambassador manufacture the chairs in Australia to Australian Standards. This allows us the ability to also offer custom options on our range of lift & recline chairs where we can cater to specific needs such as customised fabrics, height, width, depths and foam variations to provide a custom lift and recline chair*.

*custom options incur additional costs and lead time.

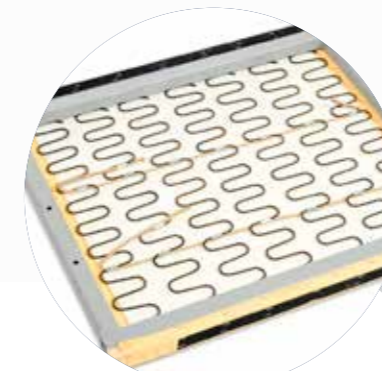

All models come in a selection of 4 standard colours or a selection of custom HEALTHCARE SUITABLE COVERINGS ARE AVAILABLE*

INDUSTRY BEST MOTOR & ELECTRICS

Effortlessly transitions from sitting, reclining, resting with elevation to standing at the simple touch of a button.

- ✓ Medical Grade Electronics supplied by Linak, the leading electric motors manufacturers in the world, and backed by a 3-year warranty.
- ✓ Rechargeable back up battery systems for assurance during a power failure
- ✓ A simple single ergonomic hand held controller
- ✓ Fine-tune seating for optimum comfort and easy adjustment
- ✓ Results in improved posture and comfort
- ✓ Recline, sit up or stand at the simple touch of a simple button
- ✓ Provides simultaneous or independent movement of backrest and footrest (A2 & A3 models)
- ✓ Reliable and strong performance for reassurance
- ✓ Alleviate the reliance and risk of injury for the caregiver or nursing staff

UNIQUE STEEL FRAME

It's the bolted steel frame that gives Ambassador Products their renowned durability and longevity for the larger load and durability.

- ✓ Using steel instead of timber or chipboard guarantees the chair lasts longer without sagging or losing shape
- ✓ The use of bolts improves durability and enables easier repairs
- ✓ Longer life span allows for a longer industry warranty
- ✓ Flexibility for versatility and improved individual comfort
- ✓ Covered by a 5-Year Warranty
- ✓ The chair has two wheels on the back to assist in moving the chair for cleaning purposes
- ✓ The back rest can be removed for delivery purposes

HEALTHCARE

PRESSURE CARE*

A unique benefit of ordering a custom Australian Made Ambassador Electric Lift Recliner is that we can offer clients a custom cut out to suit their individual pressure care and wound management requirements.

HEALTHCARE SUITABLE COVERINGS AVAILABLE*

Wortley STUDIO Encore fabric range is a wipeable/washable hospital grade vinyl which is also treated with a Protech coating, a formula which helps guard against stains and inhibits the growth of bacteria in the healthcare environment and used in major hospitals around Australia. Or Carrflex® Supreme is highly specified and ideal for use in upholstered furniture within the healthcare environment.

The chair components are velcro and zippered into place and therefore repairable and replaceable if required.

Additional lockable castors can be placed on the chair for greater movement.

LINAK MEDICAL GRADE ELECTRICS

Linak is a leading medical brand used in the healthcare environment. Offering an ergonomic hand control with minimal buttons to reduce confusion and peace of mind. Includes a rechargeable back up battery for increased longevity in case of a power outage or disconnection.
