## Four Motor Lift Chair Lift & Recliner

**69-85cm custom seat width\***  
**Up to 300kg Safe Lifting load**

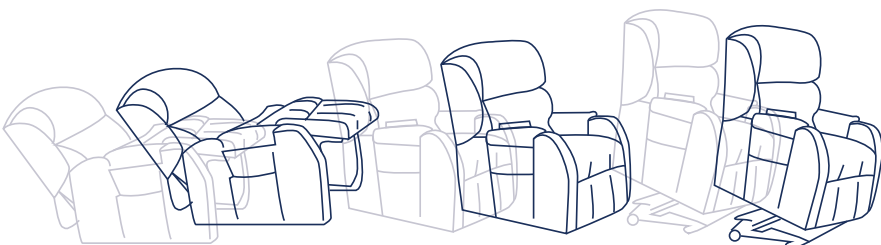

Ambassador electric lift and recline chairs for the bariatric are designed and made to assist the mobility of people with increased body weight and limited personal movement.

The NEW four motor lift chair features:

- ✓ An extremely durable steel frame construction
- ✓ Three synchronised motors on the leg/ lift function to lift the legs and chair into standing position independently
- ✓ Additional independent motor in the back rest
- ✓ Custom designed to provide the ultimate durability and lift chair longevity

Ambassador proudly manufactures the chairs in Australia to Australian Standards. All chairs are custom built which provides the ability for customers to personalise options including customised fabrics, height, width, depths and foam variations.

# The **NEW** Premier A4 is the largest chair in the Ambassador range.

Made of durable materials to hold a heavier and wider load for long periods, delivering long lasting comfort and independence to recline and stand unassisted by a carer.

The Premier A4 has four medical grade motors to lift up to 300kg weight load to a standing position independently, supporting legs above hip height while seated to promote circulation and relief. Whilst the independent backrest motor allows the legs and backrest to work separately.

Designed and built to last.

## PROVIDING DURABILITY FOR THE HEAVIER USER.

New exclusively made electronics for Ambassador. The leg and lift function is supported by 3 synchronised motors, to increase the load capacity on both the lift and recline functions.

## PREMIER A4

- ✓ Independent footrest & backrest
- ✓ Leg rest 85 mm higher than the body
- ✓ Heavy duty FOUR motor design
- ✓ Extra large size
- ✓ 2 or 3 cushions\*
- ✓ Heavy duty bolted steel frame
- ✓ Optional removable armrest covers and head rest pillow
- ✓ Rechargeable back up battery

# CUSTOM OPTIONS

## CUSTOM FABRIC OPTIONS\*

Ambassador manufacture the chairs in Australia to Australian Standards. This allows us the ability to also offer custom options on our range of lift & recline chairs where we can cater to special needs such as customised fabrics, height, width, depths and foam variations to provide a custom lift and recline chair\*.

## PRESSURE CARE\*

A unique benefit of ordering a custom Australian Made Ambassador Electric Lift Recliner is that we can offer clients a custom cut out to suit their individual pressure care and wound management requirements. Or include a combination foam gel specifically designed for pressure care relief.

## HEALTHCARE SUITABLE COVERINGS AVAILABLE\*

The custom Vinyl offers a wipeable/ washable hospital grade vinyl which is also treated to help guard against stains and inhibits the growth of bacteria in the healthcare environment and used in major hospitals around Australia.

Our Carrflex® barrier range is highly specialised and ideal for use in upholstered furniture within the healthcare environment. The chair components are velcro and zippered into place and therefore repairable and replaceable if required.

Additional lockable castors can be placed on the chair for greater movement.
